**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in a city where there is limited choice for broadband providers, and the well known providers are known for raising their already high costs and irregular service. I have stayed on DSL because of the cost but the choice is increasingly difficult as more educational resources are moving to a streaming format and my children cannot access them with our limited speeds. Sonic is expanding its fiber network and I have been looking forward to its full expansion to our neighborhood as they have provided excellent service on our DSL and telephone. Please help keep the competition so we might have access to better internet providers without price gouging.
